“

Much like Wounded Warrior Project has done over the past 20 years, I had to adjust to this new setback by being resilient. The goal is not about deflecting the challenges but about absorbing them and rebounding stronger than before. I had to innovate, just like WWP – I had to figure out what works, and what doesn't. I had to find creative solutions to unique problems. WWP empowered me to ask for and accept support.

ABOUT

Wounded Warrior Project

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved, so have our programs and services. Today, along with your support of Courage Awards and Benefit Dinner, WWP improves the lives of millions of warriors and their families through and beyond their transitions to civilian life with mental and physical health services, peer connection, career counseling, and financial wellness.
