## **ABOUT WOUNDED WARRIOR PROJECT®**

### **Who is Wounded Warrior Project?**

Wounded Warrior Project® (WWP) is a veterans service organization that is transforming the way America's injured veterans are empowered, employed, and engaged in our communities.

Since 2003, we've been tireless advocates for our nation's finest, improving the lives of over half a million warriors and their families. [Click here](#) to learn more about who we are and who we help.

### **How does WWP help veterans?**

Since our founding, WWP has been committed to helping injured veterans achieve their highest ambitions. WWP offers a variety of programs and services to help wounded warriors and their families on their road to recovery — all at no cost to them. We aim to help warriors by breaking down barriers to mental health care, improving physical health and wellness, helping them find new civilian careers, providing long-term rehabilitative care, and advocating for policies that advance the WWP vision: to foster the most successful, well-adjusted generation of wounded service members in our nation's history.

### **What is WWP Livestreaming & Gaming?**

Livestreaming & Gaming is a multi-faceted initiative designed to help fuel WWP's mission by raising awareness and funds through livestreaming and building a community of warriors, their families, and community members through live content, Discord, and gaming activities while empowering warriors and community members to give back through volunteerism.
